BED LINEN PORTFOLIO I

The ethos at Evitavonni is the desire to create the perfect environment through luxurious collections of fabric, bed linen and accessories - a world of quiet elegance, subtle and ageless but with a contemporary edge.

Bed linen Portfolio 1 has been produced using extra long staple Egyptian cotton. Italian textile masters have applied state of the art technology to spin, weave, dye and finish resulting in a cloth which looks and feels wonderful and performs beautifully, for the ultimate sleeping experience.

The designs are realised in either a superfine 630 thread count sateen, with a luminous sheen and an exceptionally luxurious handle, or a classic percale plain weave, with a lavish 510 thread count and specialist finishing. Each design is further enhanced with piping, hemstitching, pintucking and contrast borders.

Portfolio 1 bed linens are available in the signature palette of neutral colours, to coordinate effortlessly with Evitavonni fabrics and accessories in the bedroom.

Each design includes three sizes of pillowcase and fitted sheet, flat sheet, duvet cover and bed skirt in a range of sizes from single to super king, with bespoke and international sizes welcomed.

BAROSSA

A chic collection, Barossa is constructed from 630 thread count sateen, for a superior product with a subtly elegant sheen. Handmade in Italy, using the finest 100% Egyptian cotton this classic collection combines a sophisticated piped border edge whilst showcasing Evitavonni's neutral signature colour palette. The stylishly simple duvet cover with a piped flange edge and coordinating pillowcases feature a soft grey, warm taupe and ivory shades with tonal piping detail, whilst the delicate blue and earthy brown reveal contrasting shades of grey on blue and ivory with brown.
