## BED LINEN PORTFOLIO II

With Portfolio II Evitavonni present a new collection of intricately woven jacquard bed linen designs. Extending the ageless elegance of the plain dye Portfolio I bed linen, the collections coordinate effortlessly to create unique schemes for residential, marine and hotel projects of all sizes.

The Portfolio II bed linen collection has a timeless elegance and works with both contemporary and traditional settings. The jacquard bed linen styles are enhanced with double layer French borders, bound borders, piping and embroidery resulting in an immaculately finished collection of bed linen in the signature colour palette.

Portfolio I and II are created using extra long staple fibre Egyptian cotton. Woven by Italian textile masters and finished with careful attention to detail, all the bed linen cottons have a high thread count, lustrous finish and high performance in use and laundering. Our 510 thread count percale is wonderfully fine and strong yet soft and crisp and is complimented by the luxuriously radiant 630 thread count plain dye sateen. The Portfolio II jacquard designs have thread counts ranging from 630 to 720 and use yarn dye techniques to create depth and texture.

All styles can be custom made to accommodate bespoke sizing. Throws and decorative cushions are available in coordinating and matching designs from the Evitavonni fabric collections.

## SILVER SAND

The Silver Sand bed linen collection is inspired by the Evitavonni jacquard silk furnishing fabric. Woven in Italy using the finest Egyptian cotton, Silver Sand bed linen uses a yarn dyed lampasso jacquard technique. With a 720 thread count, Silver Sand has a silky and soft sumptuous hand with the design seemingly carved into the fabric giving a deep texture and endless elegance.

The stylishly double flanged pillow covers are beautifully complimented by sateen pillowcases edged with Silver Sand and the satin stitched duvet cover. The star pillowcase features a double layer oxford border outlined with a satin stitch overlaid on a complimentary sateen ground. Coordinating pillowcases are made of sateen with subtle Silver Sand applied edge.

Silver Sand bed linen works beautifully with the Evitavonni fabric collections to seamlessly create a world of understated elegance.

## MOIRÉ MESH

Moiré Mesh bed linen features a classic interlocking geometric made all the more subtle and elegant through it's render in the style of a moiré ribbon. The highly specialised weaving and finishing results in a 720 thread count fabric which is exceptionally brilliant in it's sheen yet light on the skin giving a wonderful sleep experience.

Adorn the classic-styled duvet covers with matching oxford and standard piped pillowcases. The classic 50x75 pillow features a piping finish with a 630 thread count white sateen reverse, whilst the 65x65 is enhanced by a self flange and piping. All are available in pristine white which lends a subtle suggestion of the moiré ribbon jacquard pattern or chic silver grey with soft white or dramatic navy with subtle grey tones.

This design is the epitome of crisp and smart elegance coordinating with the Moiré Stripe bed linen collection and all the plain dye Portfolio I bed linen.

## MOIRÉ STRIPE

Moiré Stripe bed linen is a refined modern stripe taking its inspiration from exquisite antique moiré ribbons with a modern twist. The Moiré Stripe 650 thread count bed linen is equally at home in classic or contemporary settings and beautifully coordinates with the Moiré Mesh collection and all the plain dye Portofino I bed linen.

The sophisticated piped duvet cover can be complemented simply by the matching piped pillowcases or can be more elaborately enhanced by pillowcases from the coordinating Moiré Mesh collection and the Portofino I bed linen. Like Moiré Mesh, this jacquard design is also available in signature shades - white with subtle white or silver grey with soft white or striking navy with classic white.

## GRETA

Greta is a stunning 630 thread count 100% Egyptian cotton sateen jacquard design of elegant swirls and intricate geometrics. The Greta collection story is the ultimate in luxurious bed linen and beautifully complements the jacquard Greta soft furnishing fabric and accessories.

The simply-structured piped duvet cover is graced by a host of ornate pillowcases; a 65x65 matching piped jacquard with a contrast mini diamond border or a contrasting larger diamond jacquard with self edged detail contrasting, a plain sateen with a jacquard diamond cuff or ornamented with a richly and sensitively embroidered border also echoed on the edge of a coordinating flat sheet. Available in our signature shades of white, ivory or grey.

## DIAMOND

To complement the intricate Greta bed linen story, the Diamond collection was created in a coordinating geometric for a contemporary or classic aesthetic. Stand alone or in combination with Greta bed linen the collection is woven from the same 100% Egyptian 630 thread count cotton sateen with extra long fibres and finished with a crisp hand and soft sheen.

This design offers a classic-styled duvet cover and pillowcases with either a chic narrow self border or in the 50x75cm pillowcase or a wider oxford border in the 65x65cm pillowcase - the ultimate in stylish simplicity. Available in our classic shades of crisp fresh white, soft warm ivory or classic grey with silver grey jacquard patterning.
